ALMOST DAKOTA

FROM NEVER DAKOTA

ONE PERFORMER. ONE SMALL CORNER.

Jack from Never Dakota on live guitar and vocals, with backing tracks filling in the rest of the band. His own PA with a sub, lights, amp head, pedalboard and mixer, set up and packed down by him.

Typical layout. Far less room than the full band: tell us the space and we'll make it work.

THE PRACTICAL BIT

SETS	Two 45-minute sets as standard (for example 9pm to 9:45pm, then 10pm to 10:45pm). Two 60-minute sets on request
SPACE	A small corner: one guitarist, a compact PA and lights
SOUND	His own PA, lights and mixer, mixed from the stage. Nothing to hire, no sound engineer to pay
ARRIVAL	About two hours before we start, to load in and set up
POWER	Two plug sockets near where he plays
ALL LIVE	Guitar and vocals are live. Backing tracks add the drums, bass and extra layers
CONTACT	Jack, 07530 760483
