THE 2000S SINGALONG YOUR GUESTS DIDN'T KNOW THEY NEEDED

Christmas parties, awards nights, summer socials, launches and fundraisers. Never Dakota play the rock and pop punk anthems your guests grew up on, live, so the dance floor fills itself.

WHY IT WORKS

Most of your guests were teenagers when these songs came out. Blink-182, Green Day, Paramore, My Chemical Romance, Linkin Park, Foo Fighters: songs people know every word to, played by a live four-piece band. It breaks the ice faster than any playlist and gives the night something to talk about on Monday morning.

LIVE BAND

Vocals, two guitars, bass and drums, all played live, with backing tracks for the extra layers you hear on the record.

SELF-CONTAINED

Our own PA and lights. We set up, soundcheck and pack down. Nothing for you or your venue to hire.

BUILT AROUND YOU

One 2-hour set or two 60-minute sets, fitted around dinner, speeches and awards.

WHAT YOU GET

- ✔ Two hours of live music: one 2-hour set straight through, or two 60-minute sets around dinner, speeches or awards. Need longer? We'll add it to your quote
- ✔ Music through our PA before, in between and after the band, so the room never goes quiet
- ✔ A set list of songs everyone knows, from 51 at neverdakota.com/songs, plus requests where we can
- ✔ Our own full PA and lights, or your venue's house system
- ✔ Happy to play to a sound limiter, with an electronic drum kit for quieter rooms
- ✔ Public liability insured, with all our kit PAT tested

GREAT FOR

- ✔ Christmas and end-of-year parties
- ✔ Awards nights and gala dinners
- ✔ Summer socials and team events
