WEDDING PACK
2000S POP PUNK & EMO // NORTHAMPTON

YOUR WEDDING. OUR EMO NIGHT.

For the couple whose guests would rather scream "Misery Business" than sway to "Sweet Caroline".

NOT YOUR USUAL WEDDING BAND

We play the 2000s pop punk and emo anthems your friends grew up on (plus a few newer ones), loud and live, with every word sung back at us. Met at a gig? Walking down the aisle to a Paramore song? Wearing black on purpose? You've found your band.

LIVE BAND

Vocals, two guitars, bass and drums, all played live, with backing tracks adding the extra layers you hear on the record.

FULL RIG

Our own PA and lights. Nothing for you or your venue to hire.

ALL SORTED

We set up, soundcheck and pack down. You just get on the dance floor.

WHAT YOU GET

FROM £1,000

for your wedding, with everything below included.

- ✔ One two-hour set, straight through. Need it split around speeches or the cake? We'll talk it through
- ✔ Our own full PA and lights, or your venue's system if they'd rather
- ✔ We arrive about two hours before we start, to load in and set up
- ✔ 51 songs to pick the night from (Blink-182, My Chemical Romance, Paramore, Sum 41, All Time Low and more) at neverdakota.com/songs
- ✔ Public liability insured, with all our kit PAT tested

EXTRAS WE OFFER

- ✔ Your first dance, played live by the band
- ✔ Playlist or DJ music through our PA before, between and after the band, so there's never a silent room
- ✔ Staying on later with a playlist or DJ set to keep the party going
- ✔ Extra playing time if you want a longer set
- ✔ Earlier set-up, so everything's ready before your guests walk in

Tick what you'd like when you book and we'll build it into your quote, along with travel to venues more than 45 minutes from Northampton. Something else in mind? Ask.
